**HARASSMENT, INTIMIDATION AND BULLYING**

The board of trustees believes that a safe and civil environment in school is necessary for students to learn and achieve high academic standards. Since students learn by example, school administrators, faculty, staff, and volunteers are required to demonstrate appropriate behavior, treating others with civility and respect, and refusing to tolerate harassment, intimidation or bullying. Harassment, intimidation or bullying, like other disruptive or violent behaviors, is conduct that disrupts both a student's ability to learn and a school's ability to educate its students in a safe environment. Therefore, the school will not tolerate acts of harassment, intimidation or bullying.

The board of trustees expects all students to treat each other with civility and respect and not to engage in behavior that is disruptive or violent. The board expects students to conduct themselves in keeping with their level of maturity, with a proper regard for the rights and welfare of other students, for school personnel, for the educational purpose underlying all school activities, and for the care of school facilities and equipment.

The standards of character education are an essential component of the Red Bank Charter School's Code of Conduct. The board believes that with the appropriate infusion of character education into the school curriculum, modeling of appropriate behavior by adults; support and assistance of students in school, the community and home; our students will achieve the above standards of character education.

The board prohibits acts of harassment, intimidation or bullying against any student. School responses to harassment, intimidation and bullying shall be aligned with the board approved code of student conduct which establishes standards, policies and procedures for positive student development and student behavioral expectations on school grounds, including on a school bus or at school sponsored functions. The lead person shall be responsible for ensuring the prompt investigation and response to all reports of harassment, intimidation and bullying committed on school grounds, at school activities and on school buses. In addition, the lead person shall ensure that this policy is applied to incidents of harassment, intimidation and bullying that are committed off school grounds in cases where a school employee is made aware of such actions. The lead person has the right and authority to impose a consequence on a student for conduct away from school grounds that is consistent with the board's approved code of student conduct, pursuant to N.J.A.C. 6A:16-7.1 and N.J.A.C. 6A:16-7.6.

This authority shall be exercised only when it is reasonably necessary for the student's physical or emotional safety, security and well-being or for reasons relating to the safety, security and well-being of other students, staff or school grounds, pursuant to N.J.S.A. 18A:25-2 and 18A:37-2, and when the conduct which is the subject of the proposed consequence materially and substantially interferes with the requirements of appropriate discipline in the operation of the school. The board directs the lead person or his or her appropriately trained and qualified designee to develop detailed regulations suited to the age level of the students and the physical facilities of the school.

"Harassment, intimidation or bullying" is defined as any gesture, any written, verbal or physical act, or any electronic communication, whether it be a single incident or a series of incidents, that is reasonably perceived as being motivated either by any actual or perceived characteristic, such as race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity and expression, or a mental, physical or sensory disability, or by any other distinguishing characteristic, that takes place on school grounds, at any school-sponsored function or on a school bus, or off school grounds, in accordance with law, that substantially disrupts or interferes with the orderly operation of the school or the rights of other students, and that:

"Electronic communication" means a communication that is transmitted by means of an electronic device, including, but not limited to a telephone, cellular phone, computer, or pager.

Consequences and Remedial Measures for Acts of Harassment, Intimidation or Bullying

The Board of Trustees expects students to conduct themselves in keeping with their levels of development, maturity and demonstrated capabilities, with a proper regard for the rights and welfare of other students and school staff, the educational purpose underlying all school activities and the care of school facilities and equipment, consistent with the code of student conduct. The Board of Trustees believes that standards for student behavior must be set cooperatively through interaction among the parents and other community representatives, school administrators, school employees, school volunteers and students of the school district, producing an atmosphere that encourages students to grow in self-discipline. The development of this atmosphere requires respect for self and others, as well as for district and community property on the part of students, staff and community members. Students are expected to behave in a way that creates a supportive learning environment. The Board of Trustees believes that the best discipline is self-imposed, and that it is the responsibility of staff to use instances of violations of the code of student conduct as opportunities for helping students learn to assume and accept responsibility for their behavior and the consequences of their behavior. Staff members who interact with students shall apply best practices designed to prevent student conduct problems and foster students' abilities to grow in self-discipline.

The Board expects students to conduct themselves in keeping with their level of development, maturity, and demonstrated capabilities with a proper regard for the rights and welfare of other students and school staff.

The Board of Trustees requires its school administrators to implement procedures that ensure both the appropriate consequences and remedial responses for students who commit one or more acts of harassment, intimidation or bullying, consistent with the code of student conduct.

In considering whether a response beyond the individual is appropriate, the administrator shall consider the nature and circumstances of the act, the degree of harm, the nature and severity of the behavior, past incidences or past or continuing patterns of behavior, and the context in which the alleged incident(s) occurred. HARASSMENT, INTIMIDATION AND BULLYING (continued)

Gebser v. Lago Vista Independent School District 524 U.S. 274 (1989) United States Supreme Court addresses the standard by which a district will be held liable for sexual harassment of a student by a school employee under Title IX --requires actual notice and deliberate indifference.

Davis v. Monroe County Board of Education 526 U.S. 629 (1999) United States Supreme Court establishes the standard under which a school district may be liable under Title IX for sexual harassment of one student by another student. The district will be liable for damages only where the school officials are proven to have been deliberately indifferent to harassment of which it is actually aware. The harassment must be "severe, pervasive and objectively offensive."

Saxe v. State College Area School District 240 F.3d 200 (3<sup>rd</sup> Cir 2001) A Pennsylvania school district's anti-harassment policy was overly broad and therefore violated the Constitutional guarantee of freedom of speech.

L. W. v. Toms River Regional Schools Board of Education 189 N.J. 381 (2007) The New Jersey Supreme Court held that the standard under which a school district may be liable under the New Jersey Law Against Discrimination for student-on-student bullying or harassment is not the Title IX deliberate indifference standard, but is rather the same standard used under the NJLAD for hostile work environment cases. A district will be judged by whether the district's response met the "reasonable person" test: what would a reasonable person (teacher, supervisor, vice Charter School Administrator, Charter School Administrator, etc.) do in a similar situation. School districts will be shielded from liability under NJLAD when their preventive and remedial actions are reasonable in light of the totality of the circumstances.
